1 Tall Larkspur
Delphinium exaltatum

2 Orange Cone Flower
Rudbeckia fulgida

Prairie Package - \$70

Diversifying your lawn is easy with this package. Native grasses can provide support for wildflowers, keeping their beauty upright while highlighting them with contrasting forms and colors. Grasses also serve as perches for seed-hunting birds and provide year round cover and food for wildlife. The flowering perennials support a variety of butterflies, bees and native insects. Best for converting a small grassy lawn area to a bustling community of wildlife!

All quarts unless noted | Spring to fall blooms | Quick spreading | 12"-4' heights | Best suited for mostly sunny areas

2 Prairie Dropseed
sporobolus heterolepis
*Gallon

1 Wild Bermagot
